

# Project Information Sheet

## PROJECT DESCRIPTION

The project will include the construction of twin overpasses on the northbound and southbound lanes of Highway No. 2 over Highway No. 1 located north of Moose Jaw and for the construction of a surface structure required to raise the grade on Highway No. 2 and associated ramps for a total distance of 4.94 km.

## PROJECT DETAILS

- The Contract Number for this project is B24068.
- The Contractor for this project is PCL Construction Management Inc. (PCL).
- The Contractor's address as indicated on the bidder's signing block is Regina, SK.
- Contract supervision will be provided by WSP Canada Inc. (WSP) personnel.
- The construction is expected to begin on April 1, 2025, and is projected to be completed by October 31, 2026.
- During construction, traffic on Highway No. 2 will be diverted to existing ramps and newly built crossover with two-way traffic, with overall reduced traveled width of 4.3 m. The public traffic on Highway No. 1 and Highway No. 2 can expect some delays and disruptions to their normal schedules near Moose Jaw, SK. Delays in travel time will not exceed 20 minutes. Traffic accommodation devices will be set up and maintained throughout the duration of the project by qualified personnel from PCL. Motorists will be required to reduce speeds to 40 km/h or less within the construction zone.
- The estimated total cost of this project is \$33.7 million, including materials, construction engineering, and PST.
- This is a Capital Expense Program project in the Southern Maintenance Region.
